Why should you answer the Pupil Survey?

The Pupil Survey gives you an opportunity to speak

your mind about learning and well-being at school. The school, municipality and national authorities use the answers to make the school you go to even better.

The answers from the Pupil Survey may be used by researchers. Some answers will also be published on the School Portal website.

How is the Pupil Survey carried out?

To answer the Pupil Survey is voluntary, but we hope you will participate in order to make the school better. You can skip questions you do not wish to answer.

We take good care of your answers

When you answer the questions in the Pupil Survey you will not be asked to write your name anywhere. Neither the school, nor the municipality or the national authorities will see your answers. The Norwegian Directorate for Education and Training is responsible for keeping and using your answers to the Pupil Survey correctly.

Do you have questions?

If you have any questions about the Pupil Survey, you can ask your teacher or access this website:
